Subject: RE: Visibility on Newman Police Officer (Stanislaus County) Shooting
Importance: High

Update: (as of 1600 hours)

- I met with the Incident Commander at the Modesto Command Post (Deputy Chief Keily), reiterating our assistance, etc. At this point in time, Stanislaus County S.O. is lead and will notify if additional assistance is needed.
- Any media inquiries related to ICE or HSI will be routed to me with coordination with ERO.
- Available HSI personnel have been notified of being on standby to assist.
- I've been in contact with (A)DFOD Fishburn who has offered assistance, if needed.
- The most recent intelligence indicates that the suspect was observed in El Nido, CA. (between Modesto and Fresno) in an unidentified vehicle with a reported destination to the Bakersfield area, possibly with the goal of reaching Mexico (reported by an individual identified as "Adrian").
- A State TIII has been written for one line (suspect) and officers are now writing to go up on "Adrian's" line.

SA Olaya is conducting surveillance along with TF and other local LE, however they are rolling to Bakersfield to coordinate with HSI Bakersfield.

- Both HSI Fresno and HSI Bakersfield have been informed by RAC Wong. I spoke with Ciapas and he will be setting up a team in Bakersfield and coordinating with HSI LA for the northern portion of LA.
- Marc has reported to Dom Ops of the latest investigative activities and HSI involvement.
- HSI Attaché Mexico has been looped in for their assistance in confirming authenticity of suspect's Mexican identity document (cedula).
- BOLOs have been updated of the suspect's possible whereabouts and/or intentions.
- No warrants have been issued on the suspect at this time (confirming). Presumably, encounter and apprehension would be based on immigration status at this time.

I'll keep all updated.

Update:

The family of the slain officer were vacationing in Fiji at the time of the incident and are traveling back to the U.S. landing at SFO @ 1150 hours (PST) on today. RAC Wong made contact with (A)RAC Haro to assist in coordinating with CBP for expedited entry processing of the family (5 in total). SA Custo is duty and will be assisting. Stanislaus County will be meeting the family curbside for transport to the Modesto area.

Subject: RE: Visibility on Newman Police Officer (Stanislaus County) Shooting
Importance: High

Good morning all,

A few updates on the manhunt for the alleged shooter of Officer Singh (Newman PD):

- SA Olaya has been working with SDEA and IRS Negroni on working up leads to locate the alleged shooter who has been identified as Ramon CARBAJAL-Verduzco (has several AKAs).
- The subject appears to be a citizen and national of Mexico based on the seizure of his Mexican cedula card during the execution of a state SW on his trailer. Record checks of his biographical information were negative for any immigration-related encounters.
- The brother of the suspect was encountered and interviewed, revealing that the suspect contacted him and were together for a short time, with the brother transporting the suspect to a truck stop. This occurred earlier yesterday, however those accounts provided by the brother have been found to be false and has been re-interviewed. Details of interview are pending.
- Through further investigation, SA Olaya located other residences in the Bay and Stanislaus County area related to this investigation. One individual has been encountered who has indicated that he assisted the suspect and is being questioned.
- RAC Wong, SA Olaya and myself drafted a letter to TSA in order to list the suspect's name on the "no-fly" list and for TSA to provide any records on the suspect. I signed for the SAC and a copy of the letter is attached (IAW TSA guidelines).
- AFOD Brian Faria (ERO Stockton) was contacted by the Stanislaus County Sheriff for assistance in determining alienage and admissibility of the suspect's family members with the assistance of SA Olaya (Spanish

speaker), however preliminary inquiries indicate that the family members have legal status. The suspect's girlfriend may be undocumented, but unconfirmed at this time.

- A phone ping was conducted and a State T-III affidavit is pending approval.
- I have reached out to the Police Chief and PIO with Stanislaus County (PIO Deputy Raj Singh [no relation] – 209-226-3923), leaving VMs with each. I will continue to follow-up and have asked Marc to prepare a SAC statement for future press release upon capture.

I'll keep you updated as the situation progresses, but everything is still fluid. I'm at the SAC office and will be here until noon or so and will be then traveling to Stockton, then SACTO. Available on cell as always. Thanks.

Street

Copy, if the shooter is illegal (which we don't know obviously) it will possibly go national. I will jump in if that's the case.

10-4, I'll work on something.

Kim, if you can also get me the Newman PIO or Stan County's. Thanks.

I tried sending Richard an email earlier this morning and his out of office reply indicates that he is affected by the shutdown. I'll hit up Dom Ops to find out how media is being handled during all this.

Also, if the suspect gets identified and has any immigration issues we will need Richard to be prepared to make a comment on our behalf. Better to be prepared than not.

Subject: Visibility on Newman Police Officer (Stanislaus County) Shooting

Good morning Ryan,

For your visibility – On early Wednesday morning, a Newman police officer was shot and killed by an armed suspect who has not yet been found. Newman is a small town located in Stanislaus County, which is in HSI Stockton's AOR. HSI Stockton, specifically SA David Olaya (serves on the Stanislaus Drug Enforcement Agency (SDEA) HIDTA Task Force), along with others members of the TF have been assisting the STLs on identifying, locating and eventually apprehending the suspect.

RAC Wong has been coordinating with IRS Negroni on working up intelligence and facial recognition in hopes of positively identifying the suspect from preliminary information which has been received. I'll keep you updated as to the developments. Below is the web link to the news article regarding the shooting.
